Illustrator  
After Effects  
Adobe Xd  
Inckscape  
SASS  
Figma  
Blender 2.83, 2.9  
Core of photo  
compositing and  
lightning

## Langueges

### English

Advanced - B2

### Polish

Advanced - B1

### Herbrew

Beginer - A1

**UI/UX** and **Graphic Mothion Designer** with a passion to SciFy, Prom Design and Hard Surfaced Objects. Multi-talented illustrator, who ready to take a participation in any difficulty project with looking for oportunity to expand my skill set.

## Graphic Motion Designer

Integrating 3D and 2D animation in everything with making intrested and exited in it is my main goal as graphic designer. On my Instagram page you can find lots of works where you can see how intresting composition could be by playing with lightning, camera focal legth and positioning.

## UI/UX Designer

Implemeting usable, simple and new performace design in real life. Clearly managing workspace and software for realtime generation new ideas. I’ve got impressive experience in developing apps and designing logos. Like creating new color pallets to have an access to create good looking composition with making a User Experience better than average set of colors and accents on page. I’ve got several projects of animation that makes user play with it and keep intrested.

## Languages

### English

Finished school course with mark 'Perfect'. Current mark in the University is also 'Perfect'. I've not got any certificates of passing IELTS, TOEFL, etc. but I'd say that I've got solid Upper-Intermediate. So I can pass an interview in English. As an experience I’ve surrounded my environment with listening, having written and verbal conversations with native speakers.

### Polish

Studied this language for 2 years and had practice during visit to Warsaw for 2 months. Got certificate of finishing B1 level course of Polish.

### Herbrew

Started learning this one last year during 11 form. Have been in Israel for 1 week had immediate contact with native speakers and literature.

## Education

### Kharkiv National University of Architecture and Civil Engineering
